

# **Child and Adult Core Set Stakeholder Workgroup:**

2020 Annual Review In-Person Meeting  
Day 3

---

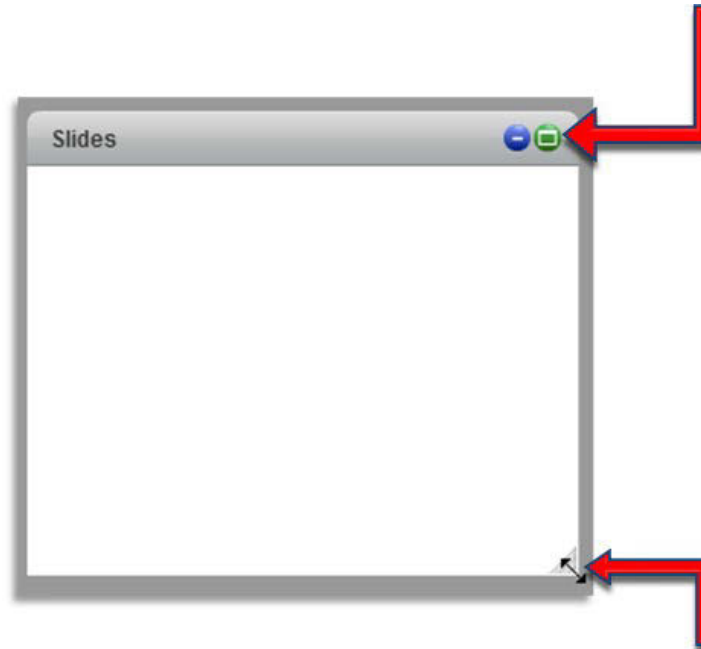

**May 9, 2019**

---

# Expand Event Windows

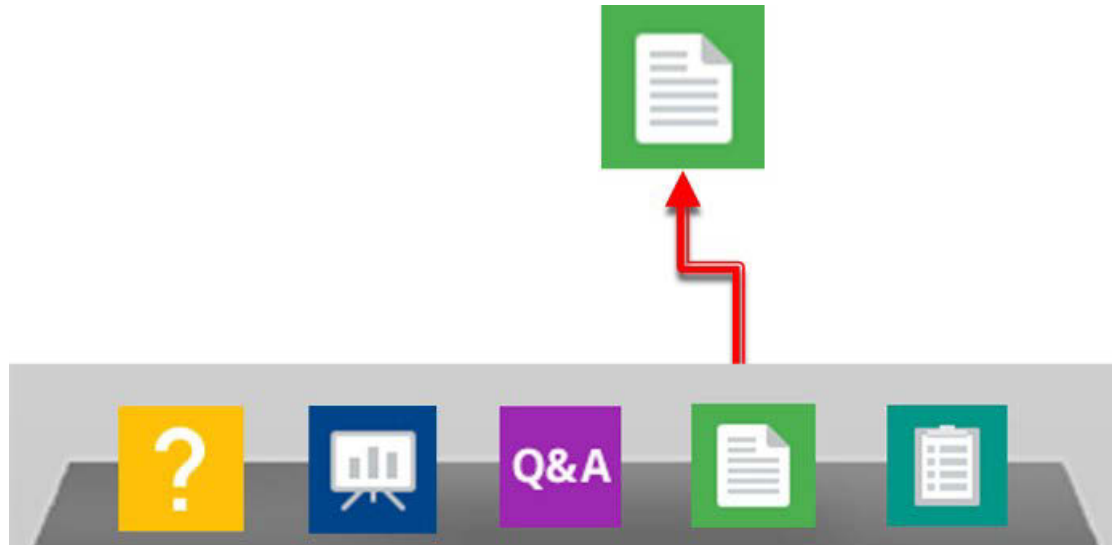

- To expand event windows, click the button on the top right corner of the slide deck window.

- To adjust the slide size, drag the bottom right corner of the window.

# Event Materials

- To download the slide deck and materials for this presentation, click the “Resource List” widget at the bottom of your screen.

# Event Audio

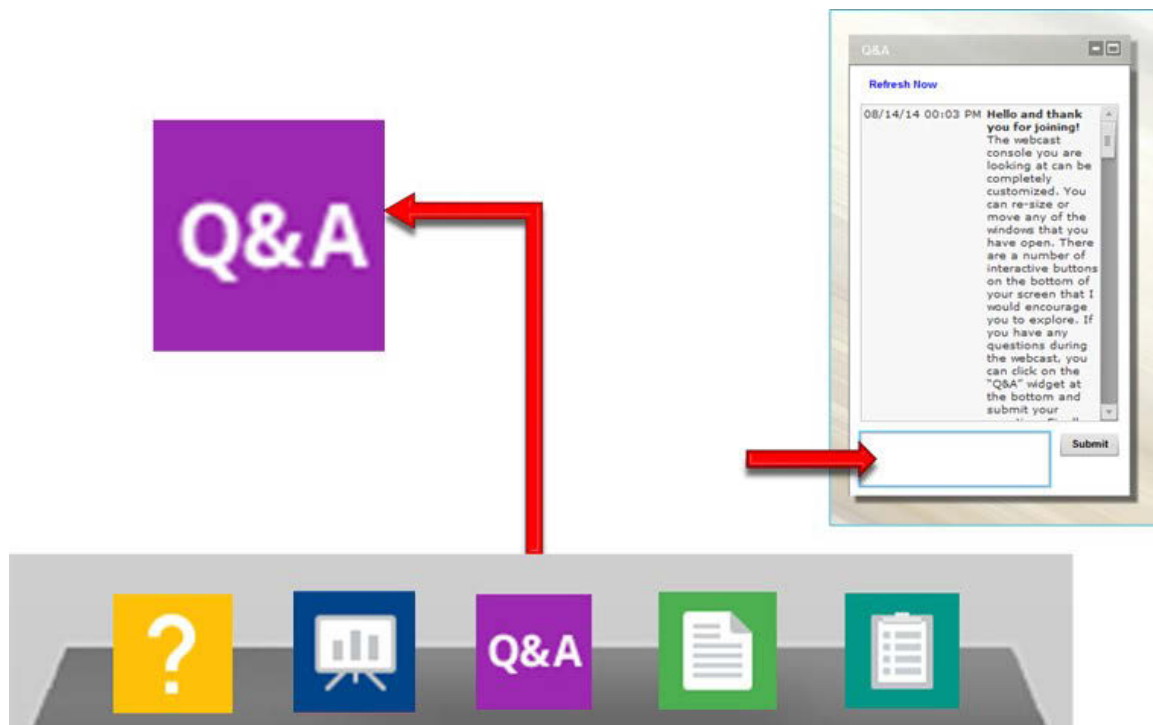

- Audio for this event will be streamed through your PC speakers or headphones. To make comments, after you log into the webcast, please dial into the audio portion.
- During public comment, to “raise your hand,” press **5\*** if you are connected to the teleconference. Please listen for your cue to speak. The presenter will indicate when lines are opened and you will hear a recording telling you that your line has been unmuted.

## **Teleconference Instructions:**

1. Dial conference phone number: 1-857-232-0156
2. Enter the conference code to connect to the call: 406972

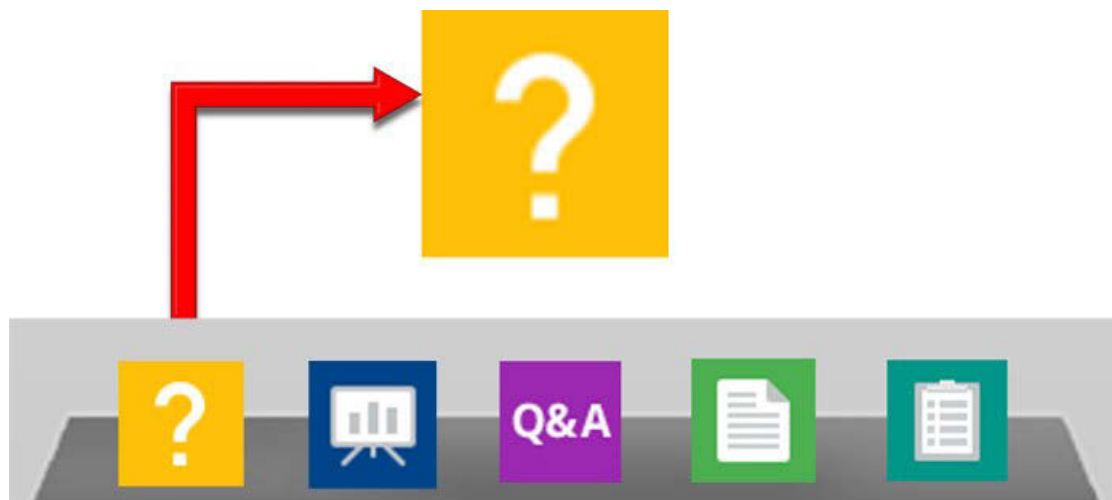

# “Q&A”

- To submit a written comment during the public comment portion, click on the “Q&A” widget at the bottom of your screen.
  - *Please note, your comments can only be seen by our presentation team and are not viewable by other attendees.*

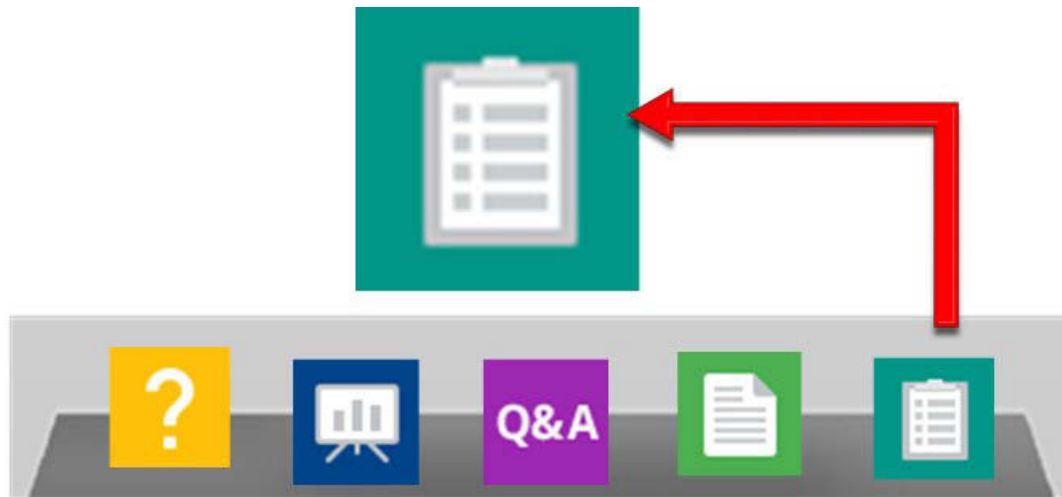

# Technical Assistance

- If you are experiencing technical difficulties, please visit our Webcast Help Guide by clicking on the “Help” widget below the presentation window.
- You can also click on the Q&A widget to submit technical questions.

# Let us know what you think!

- You can provide feedback using the survey widget in the widget menu at the bottom of the event console.
- Please press the submit button when you have entered your responses. If you are unable to provide your feedback at the time of the event, you can view the event recording to access the survey.

# Agenda for Day 3

- **Review voting results from Day 1 and Day 2**
  - Paired measures (measures suggested for removal and measures suggested for substitution)
  - Recommended additions by domain
- **Prioritize recommendations for 2020**
- **Discuss gap areas and areas for measure development**
- **Next steps and wrap-up**

# **Review Voting Results from Day 1 and Day 2**

# Recap on Paired Measures

2019 Core Set Measures Suggested for Removal	Measures Suggested for Substitution (New or Existing)
Flu Vaccinations for Adults Ages 18 to 64 (FVA-AD)	<ul style="list-style-type: none"> <li>• Adult Immunization Status (<i>new</i>)</li> <li>• Influenza Immunization (<i>new</i>)</li> </ul>
Child and Adolescents' Access to Primary Care Practitioners (CAP-CH)	Three well-child visit measures (W15-CH, W34-CH, AWC-CH) ( <i>existing</i> )
Adult Body Mass Index Assessment (ABA-AD)	Preventive Care and Screening: Body Mass Index Screening and Follow-Up Plan ( <i>new</i> )
Comprehensive Diabetes Care: Hemoglobin A1c Testing (HA1C-AD)	Comprehensive Diabetes Care: Hemoglobin A1c Poor Control (>9.0%) (HPC-AD) ( <i>existing</i> )
HIV Viral Load Suppression (HVL-AD)	Proportion of Days Covered: Antiretroviral Medications ( <i>new</i> )
PC-01: Elective Delivery (PC01-AD)	<ul style="list-style-type: none"> <li>• PC-02: Cesarean Birth (PC02-CH) (<i>existing</i>)</li> <li>• PC-05: Exclusive Breast Milk Feeding (<i>new</i>)</li> </ul>
Contraceptive Care – Postpartum Women Ages 21-44 (CCP-AD)	Contraceptive Care – All Women Ages 21-44 (CCW-AD) ( <i>existing</i> )
Medical Assistance with Smoking and Tobacco Use Cessation (MSC-AD)	Tobacco Use: Screening and Cessation Intervention ( <i>new</i> )
Use of Multiple Concurrent Antipsychotics in Children and Adolescents (APC-CH)	Metabolic Monitoring for Children and Adolescents on Antipsychotics ( <i>new</i> )

# **Recommended Additions by Domain (in order of discussion)**

- **Dental and Oral Health Services**
- **Primary Care Access and Preventive Care**
- **Experience of Care: Patient-Reported Outcomes**
- **Care of Acute and Chronic Conditions**
- **Maternal and Perinatal Health**
- **Behavioral Health Care**
- **Long-Term Services and Supports**
- **Other Measures**

# **Prioritization of Recommendations for 2020**

# Measure Prioritization Process

- **The Mathematica Core Set team has listed the measures recommended for addition to the 2020 Core Sets during voting by domain on Day 1 and Day 2**
  - Note that Core Set and domain assignments will be made by CMCS and not through the Workgroup process
- **Workgroup members will use dots to prioritize measures**
  - Each member will receive 10 dots to prioritize the measures that they recommend as the highest priority for adding to the 2020 Core Sets
  - You may put all your dots on one measure or spread them across multiple measures to reflect your prioritization of the additions
  - Keep in mind the characteristics to consider for measure additions

# Characteristics to Consider for Addition of New Measures

- **Actionability**: Will the measure provide useful or actionable results for state Medicaid and CHIP programs?
- **Alignment**: Is the measure used in other reporting programs?
- **Appropriateness for state-level reporting**: Has the measure been validated and tested for state-level reporting and is it currently used by one or more states?
- **Feasibility**: Will states be able to access the data needed to calculate the measure? Would technical assistance be necessary or helpful to facilitate complete and accurate reporting of the measure by states?
- **Strategic priority**: Does the measure fill a gap area in the Child and/or Adult Core Sets?

# Measure Prioritization Exercise

# Opportunity for Public Comment

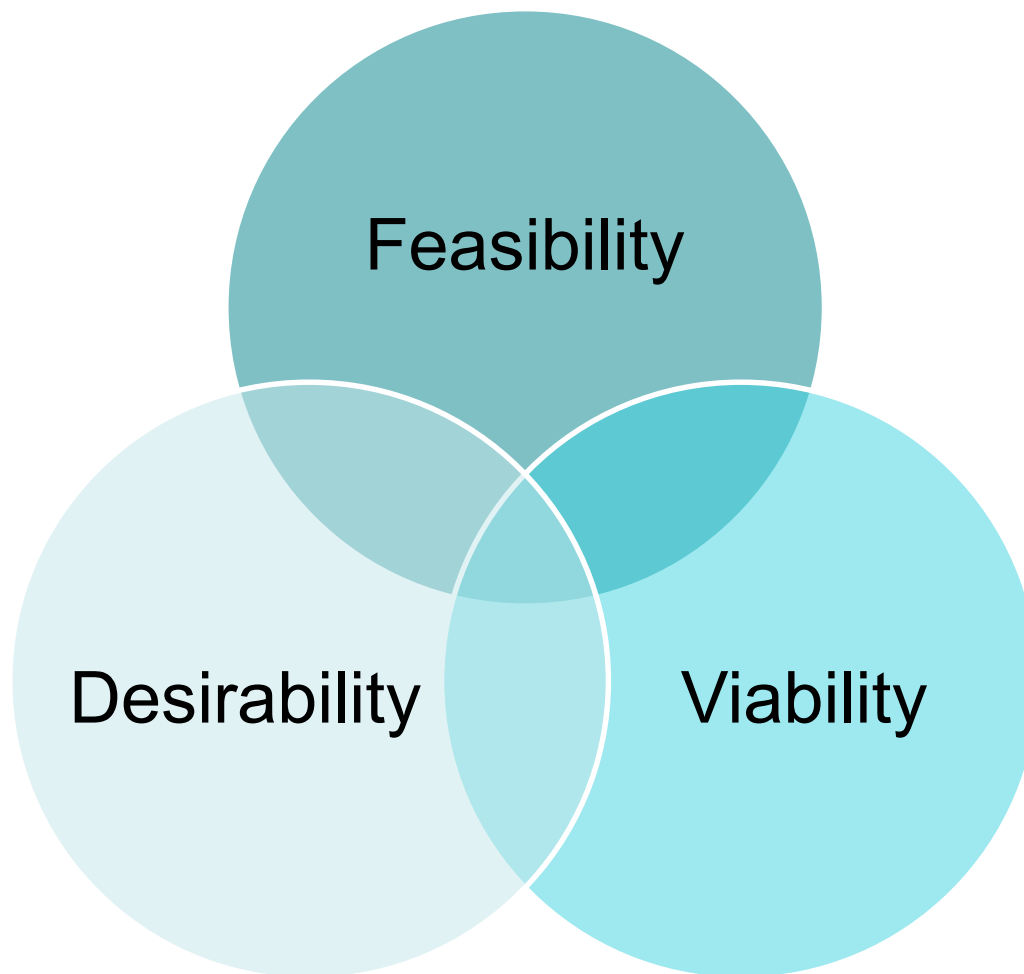

**Break**

# Gap Areas and Areas for Measure Development

# Framework for Long-Term Planning of the Child and Adult Core Sets

# Discussion Questions

- Thinking about the current Core Sets, what are the key measure gaps identified during the Day 1 and Day 2 discussions?
- Thinking about the future, what other measure gaps should be considered for future Core Sets?
- What are the implications for development of new quality measures for use in Medicaid and CHIP?
  - Domain(s) for future focus
  - Level of reporting: state, plan, provider, beneficiary
  - Data sources for state-level reporting: claims/encounters, electronic health records, surveys
  - Other existing data sources, including TMSIS/TAF

# Workgroup Member Discussion

# Opportunity for Public Comment

# Next Steps and Wrap-Up

# Key Milestones

**February 14**

- Orientation webinar

**March 8**

- Measure recommendations due

**April 23**

- Webinar to prepare for in-person meeting

**May 7-9**

- In-person meeting

- ✓ July: Draft report made available for public comment
- ✓ August: Final report released
- ✓ By December 31<sup>st</sup>: 2020 Core Sets released

**Thank you for participating in the 2020  
Annual Review In-Person Meeting of  
the Child and Adult Core Set  
Workgroup!**
