

# PCORI Workshop on Research Dissemination and Implementation Framework & Toolkit

---

**Mathematica Policy Research**  
**Washington, DC**

**December 10, 2014**

---

WebMD<sup>®</sup>

  
AcademyHealth

  
Palladian Partners, Inc.  
AN ALTARUM COMPANY

# Welcome

---

## Joe Selby

## Executive Director, PCORI

# About PCORI

- An independent research institute authorized by Congress through the Patient Protection and Affordable Care Act
- Funds comparative clinical effectiveness research (CER) that engages patients and other stakeholders throughout the research process
- Seeks answers to real-world questions about what works best for patients based on their circumstances and concerns

# We Have a Broad and Complex Mandate

“The purpose of the Institute is to **assist patients, clinicians, purchasers, and policy-makers in making informed health decisions** by advancing the quality and relevance of evidence concerning the manner in which diseases, disorders, and other health conditions can effectively and appropriately be prevented, diagnosed, treated, monitored, and managed **through research and evidence synthesis...and the dissemination of research findings** with respect to the relative health outcomes, clinical effectiveness, and appropriateness of the medical treatments, services.”

-- from the *Patient Protection and Affordable Care Act*

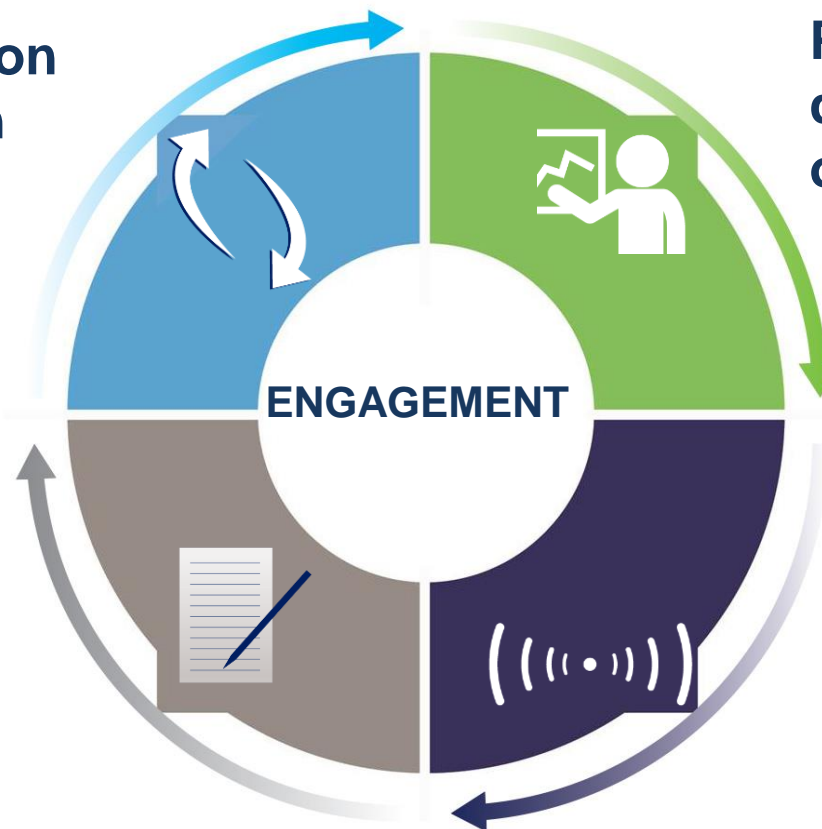

# Project Goals

- Guide PCORI in planning for the dissemination of its research and how to speed use and implementation of evidence by health care decision makers
- Identify effective strategies and tools for dissemination and implementation efforts
- Address the dissemination and implementation needs of a diverse array of stakeholder groups

# Engagement as a Path To Useful, High Quality Research

Topic selection  
and research  
prioritization

Proposal review;  
design and conduct  
of research

Dissemination and  
implementation of  
results

Evaluation

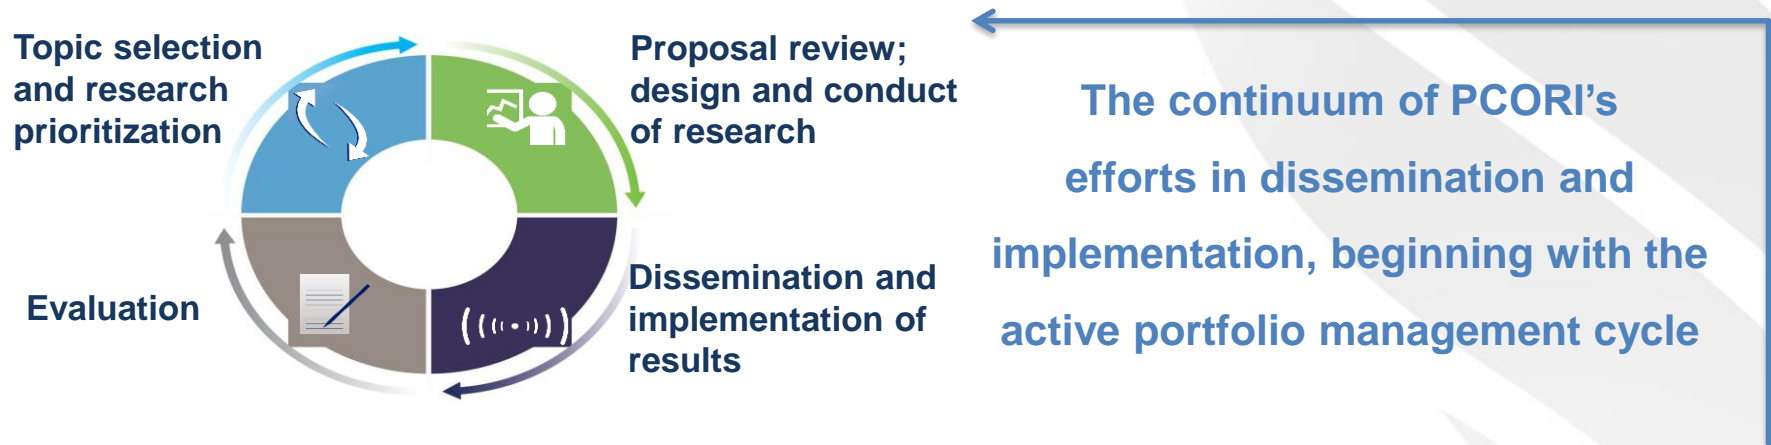

# Engagement Rubric

PCORI has developed a four-part Engagement Rubric to guide applicants, merit reviewers, awardees, and engagement/ program officers regarding engagement in the conduct of research.

- 🌐 **Planning the study:** How patient and stakeholder partners will participate in study planning and design
- 🌐 **Conducting the study:** How patient and stakeholder partners will participate in the study conduct
- 🌐 **Disseminating the study results:** How patient and stakeholder partners will be involved in plans to disseminate study findings and ensure that findings are communicated in understandable, usable ways
- 🌐 **PCOR engagement principles:** Reciprocal relationships; co-learning; partnership; trust, transparency, honesty

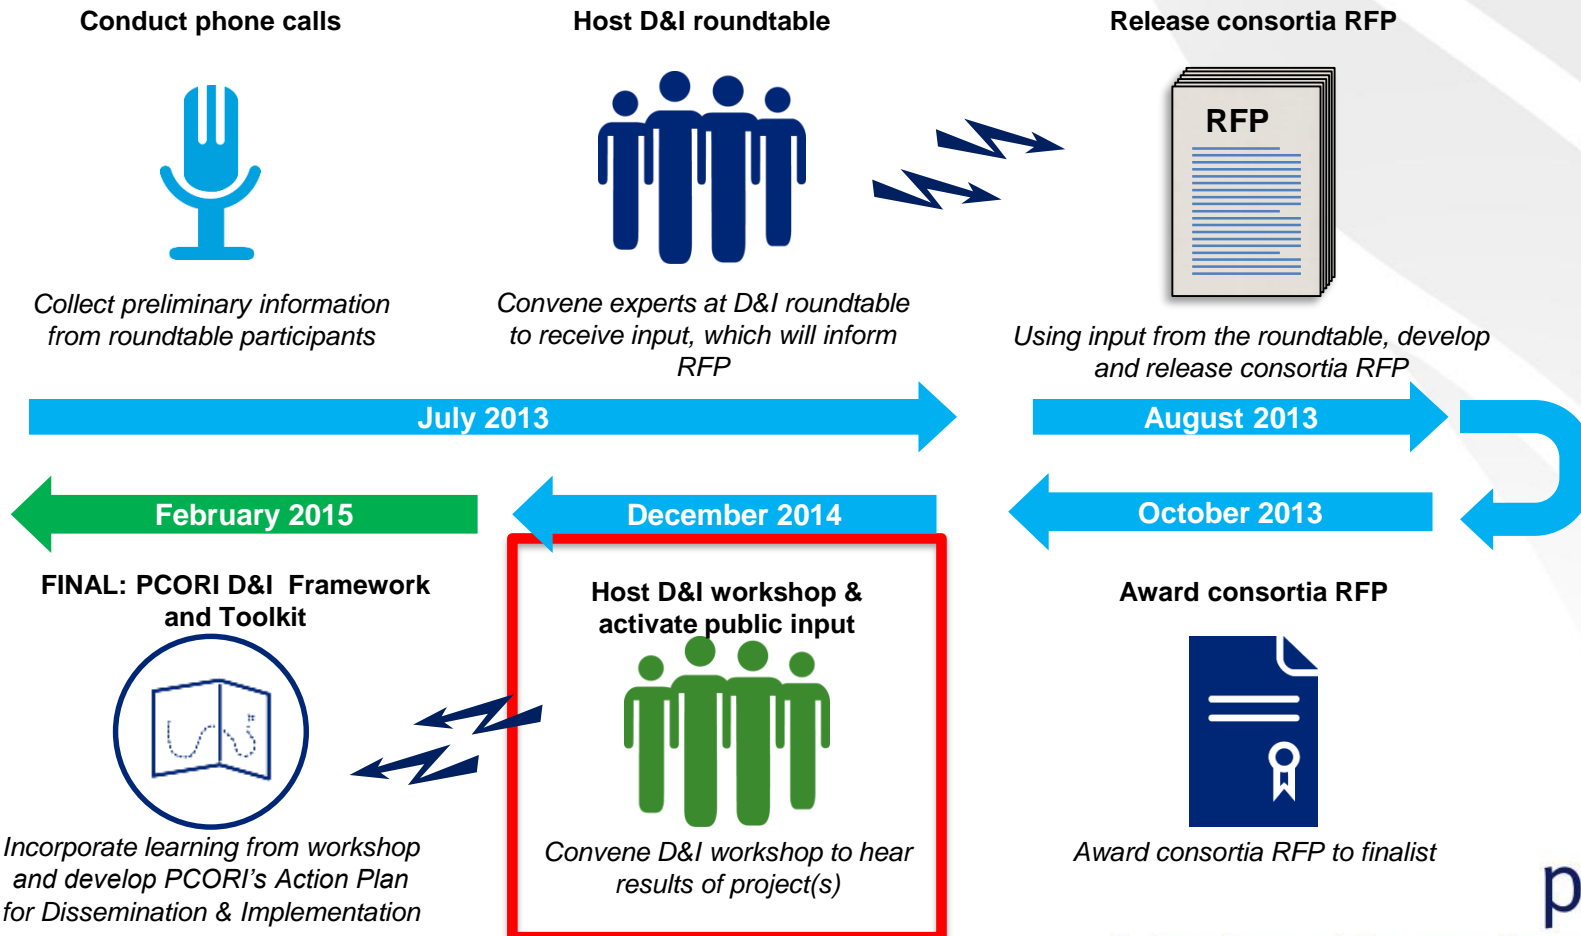

# Dissemination Efforts Start with Patient and Stakeholder Engagement in Research

# Developing the PCORI Dissemination and Implementation Action Plan

## Process for developing PCORI's Action Plan for Dissemination and Implementation

# AHRQ and PCORI's Role in Dissemination and Implementation

Success for PCORI *and* AHRQ = **Impact** on practice and patient outcomes

## Authorizing legislation

### Agency for Healthcare Research and Quality (AHRQ)

- AHRQ shall disseminate the research findings that are published by PCORI *Sec. 937(a)(1)*
- Create informational tools that organize and disseminate research findings for physicians, health care providers, patients, payers, and policymakers *Sec. 937(a)(1)*
- Develop a publicly available resource database that collects and contains government-funded evidence and research *Sec. 937(a)(1)*

### Patient-Centered Outcomes Research Institute (PCORI)

- The purpose of the institute is to assist patients, clinicians, purchasers, and policymakers in making informed health decisions by advancing the quality and relevance of evidence...**and the dissemination of research findings** with respect to the relative health outcomes, clinical effectiveness, and appropriateness of the medical treatments, services, and items described in subsection (a)(2)(B)

# Welcome

---

## Dr. Richard Kronick

**Director,  
AHRQ**

# Welcome & Introductions

---

## Facilitator Cliff Goodman

**Senior Vice President, The Lewin Group**

# Workshop Objectives

---

- **Solicit stakeholder feedback to inform final drafts of the Framework and Toolkit:**
  - **Elements for PCORI to consider when developing a dissemination and implementation plan for health and health care evidence: Is anything missing?**
  - **Actionable direction for PCORI in developing and executing effective dissemination and implementation plans: How could they be enhanced to be more helpful or useful?**

# Workshop Objectives (cont'd.)

---

- Considerations unique to specific stakeholder groups that should be emphasized: Is anything missing?
- What level of involvement in a study does your organization require to be involved in that study's dissemination and implementation of the findings?
- Would you be willing to partner with PCORI to share evidence from comparative effectiveness or patient-centered outcomes research?
- What are the challenges, gaps, and opportunities on which PCORI should focus moving forward?

# Workshop Agenda

11:00 a.m.	Welcome and introductions
11:25 a.m. – 11:45 a.m.	Framework and Toolkit overview
11:45 a.m. – 12:35 p.m.	Practical exercise: Audience ID and partner engagement
12:35 p.m. – 1:05 p.m.	Expert panel discussion
1:05 p.m. – 1:40 p.m.	Break
1:40 p.m. – 2:30 p.m.	Practical exercise: Dissemination
2:30 p.m. – 3:00 p.m.	Expert panel discussion
3:00 p.m. – 3:45 p.m.	Plenary discussion: Measuring D&I effectiveness
3:45 p.m. – 4:00 p.m.	Wrap-up/next steps

# Housekeeping Items

---

- Webinar audience and in-person audience
- Be mindful of the tight agenda
- We are capturing audio and video recordings of today's proceedings and will make them publicly available
- Live Tweet using #PCORIWorkshop
- Event staff as a resource

# Warm-Up Exercise

---

- Think about a time when you or someone in your organization engaged with PCORI to share or find information related to patient-centered outcomes research (PCOR)
- Using the “Working with PCORI” worksheet in your packets (or the webinar resource tab), in the left column:
  - Write one word to describe the experience
  - If it went well, indicate what stands out for you as being particularly helpful
  - If it did not go well, briefly describe what went wrong
- Set worksheet aside – we’ll come back to it at the end of the day

1:00

# Framework/Toolkit Overview

---

## Dominick Esposito

## Mathematica Policy Research

# Who We Are (The Team)

---

Mathematica Policy Research

AcademyHealth

Palladian Partners

WebMD

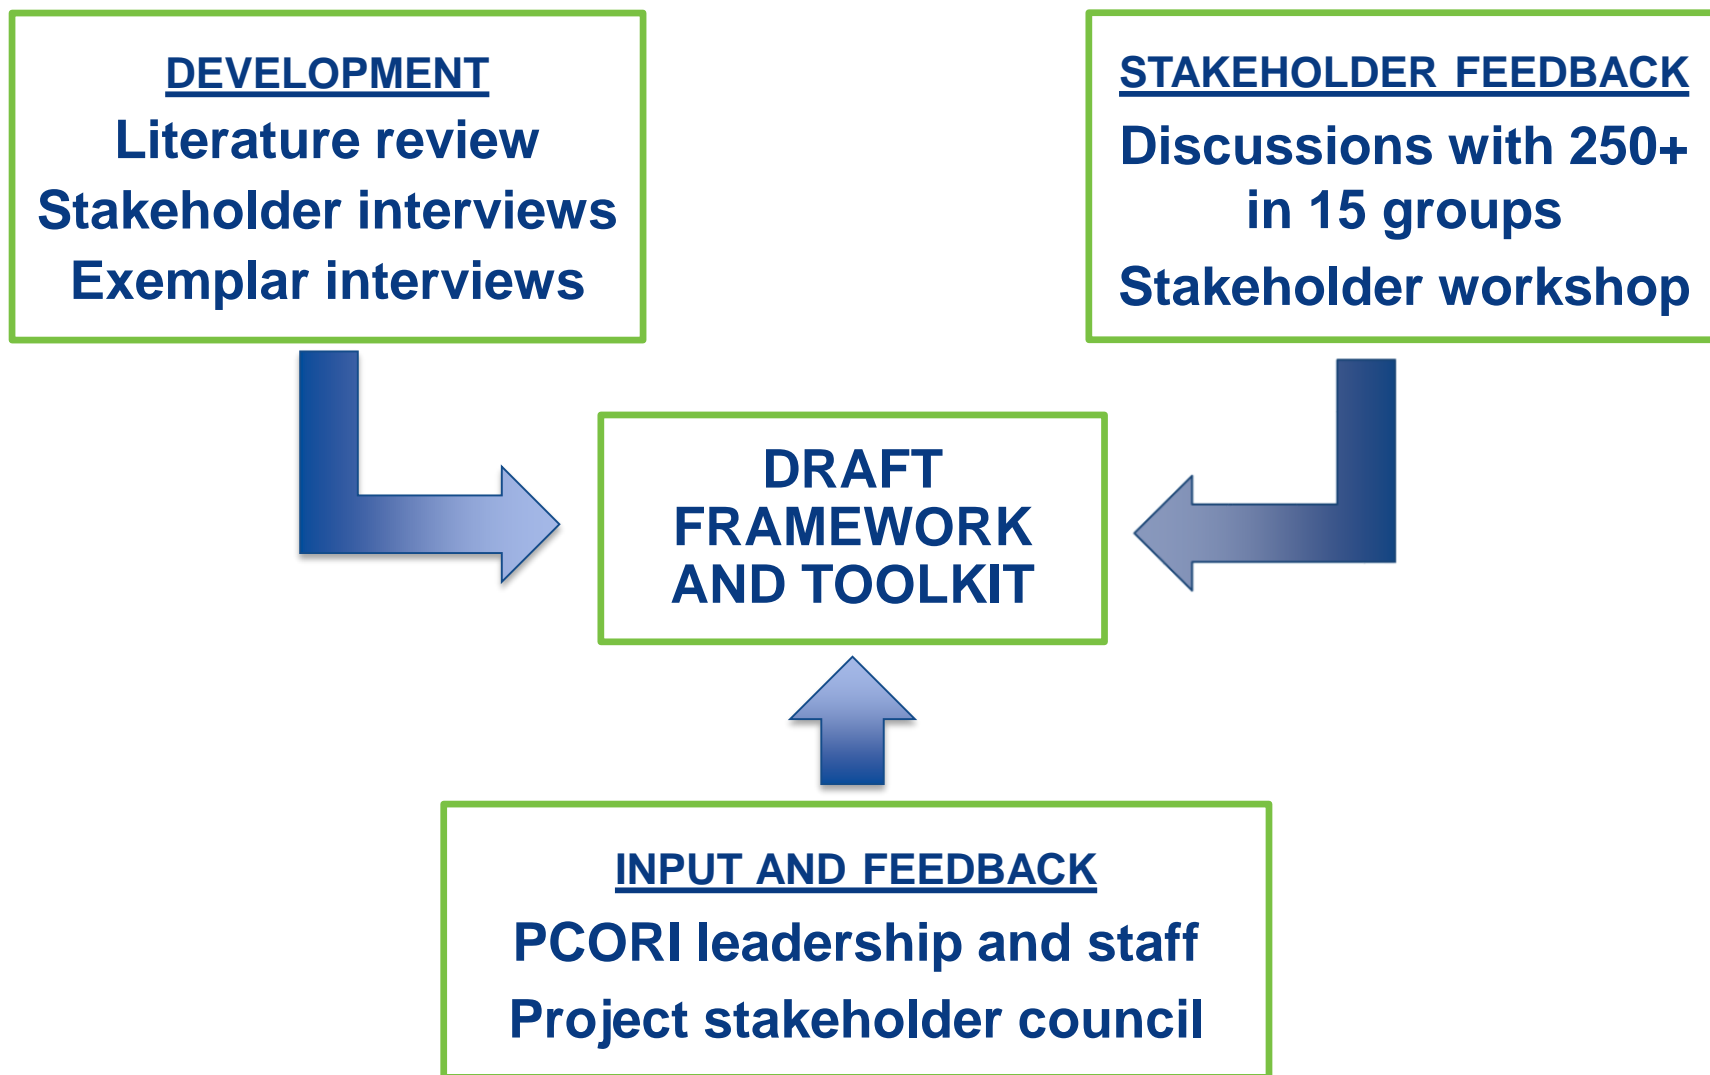

# Where Do We Start?

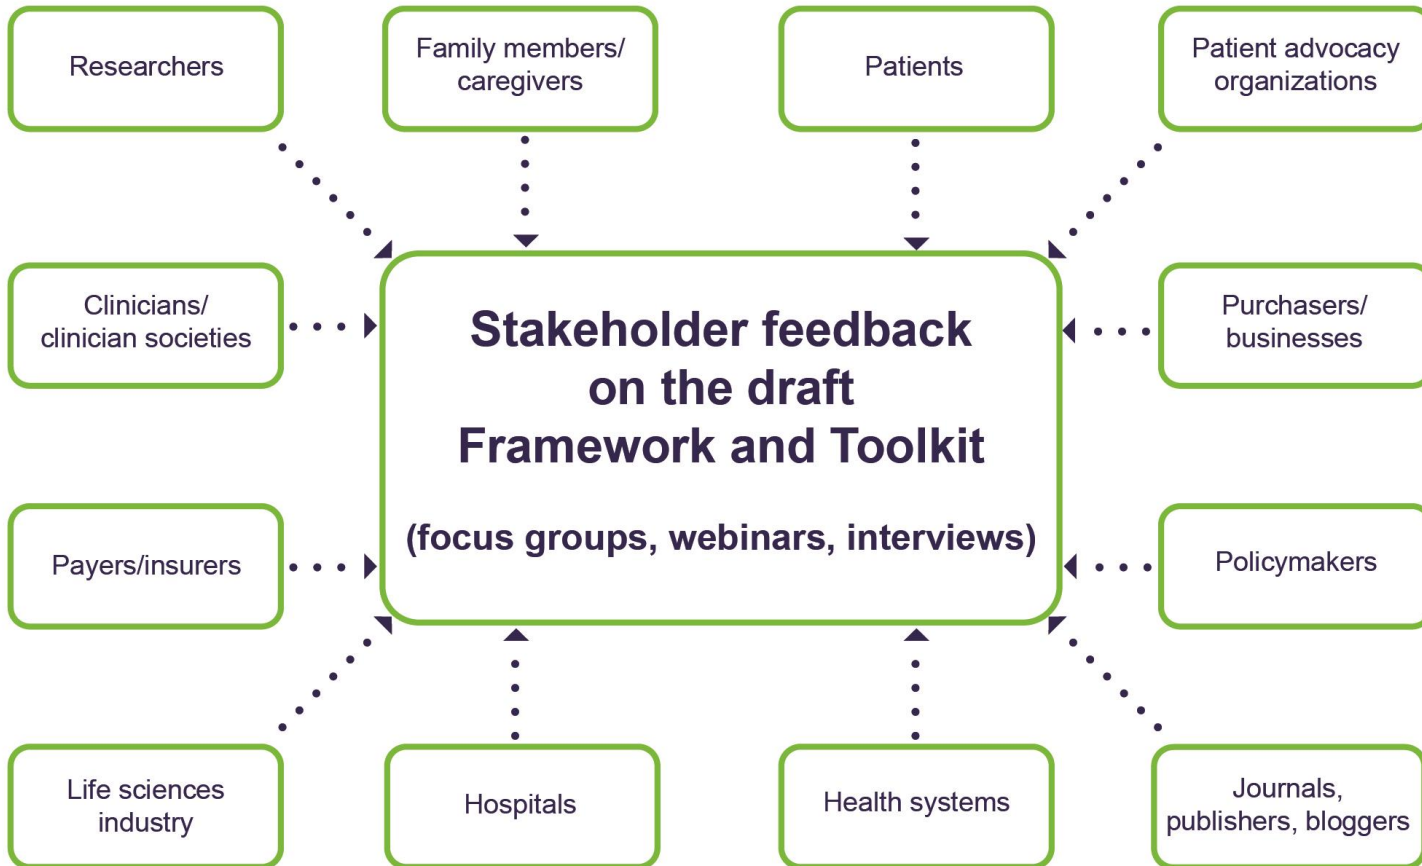

---

- **Dissemination and implementation start well before findings are ready**
  - They begin at topic selection when stakeholders identify their needs and questions that are relevant to them
- **The focus is on CER and PCOR findings that have the potential to have considerable impact on decision making**
  - Framework and Toolkit developed with broad dissemination of evidence in mind
- **The audience is PCORI leadership and staff, as well as members of PCORI advisory panels and committees**
  - Other health and health care entities, organizations, and agencies may also find the Framework and Toolkit valuable

# How We Got Here (Methods)

# Stakeholder Groups Providing Feedback

# What Stakeholders Told Us...

# Defining Dissemination and Implementation

---

## Dissemination

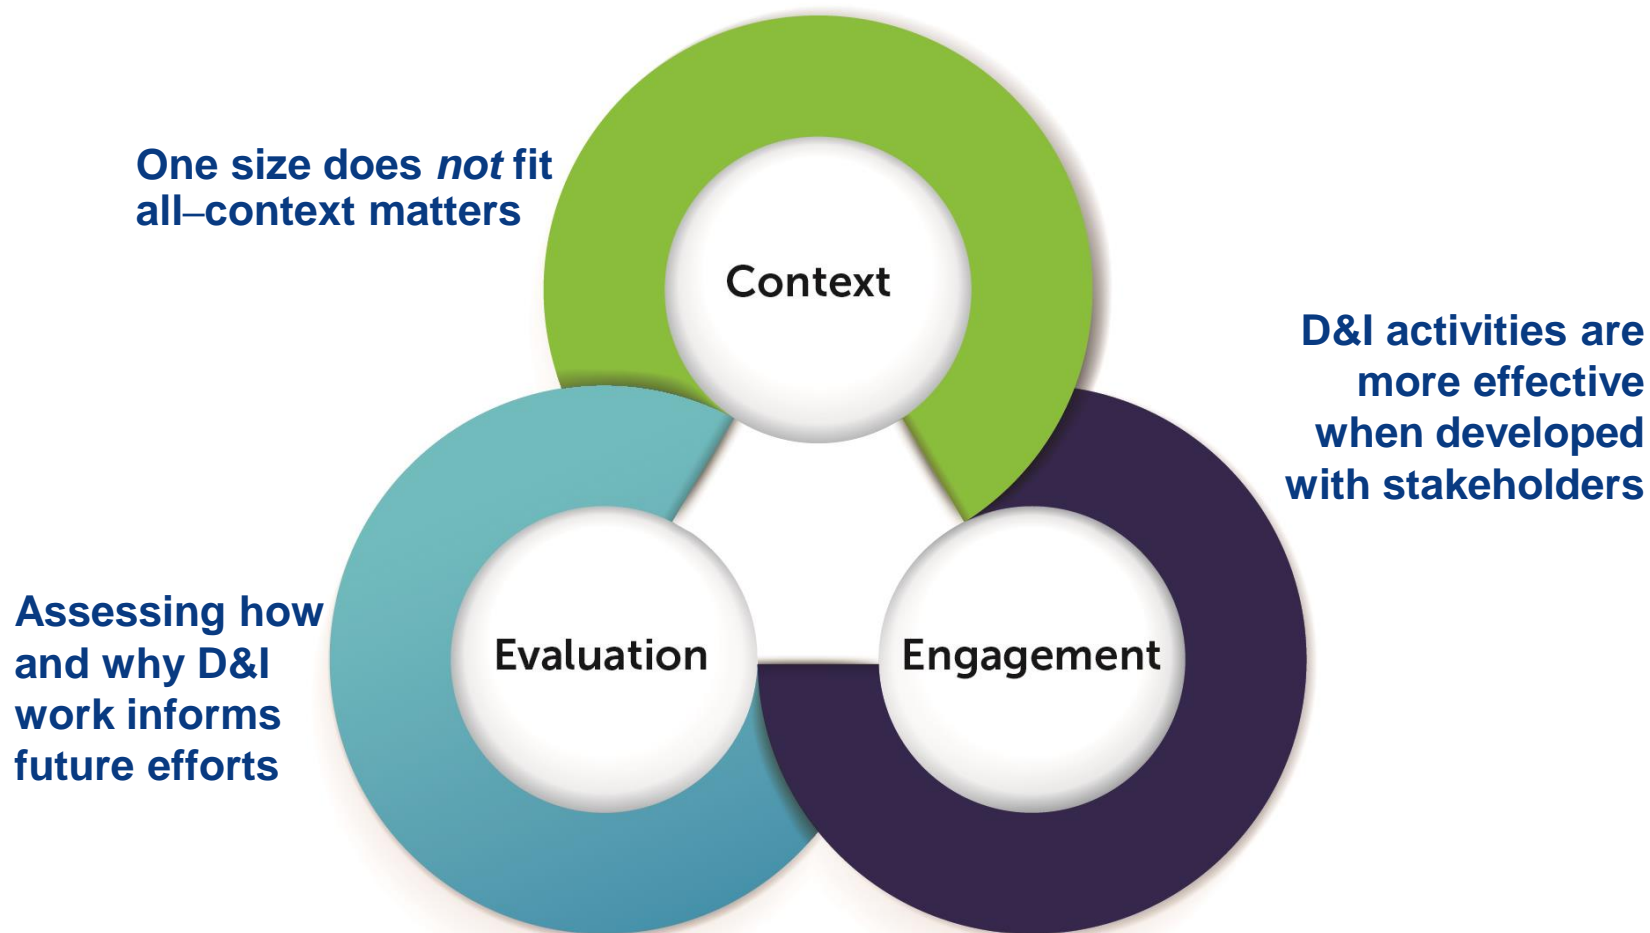

The intentional, active process of identifying target audiences and tailoring communication strategies to increase awareness and understanding of evidence, and to motivate its use in policy, practice, and individual choices

## Implementation

The deliberate, iterative process of integrating evidence into policy and practice through adapting evidence to different contexts and facilitating behavior change and decision making based on evidence across individuals, communities, and health care systems

# Effective D&I Require...

---

# A Framework for the Dissemination and Implementation of Patient-Centered Outcomes Research

# Foundational Elements of PCORI D&I

---

Network of organizational partners

Dissemination advisory panel

## PCORI Dissemination and Implementation

Repository of D&I information

Partnership with AHRQ

# Components of the Framework

---

## Evidence assessment

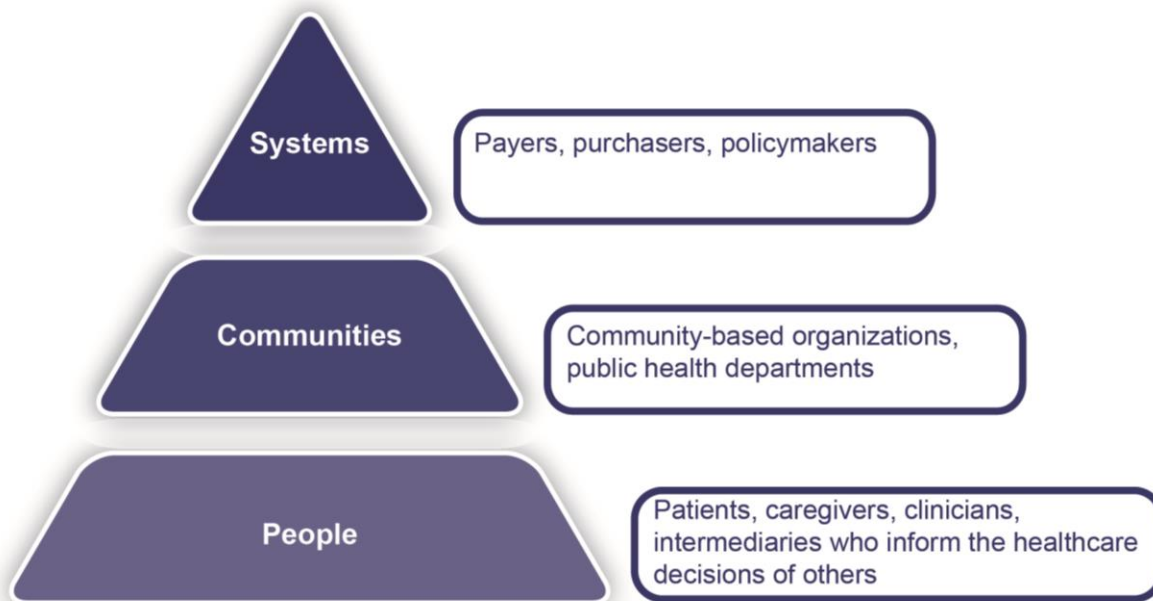

- Engage stakeholders to assess relevance and usefulness of the evidence
- Develop a process to assess whether evidence is appropriate for broad or limited dissemination
  - Quality of evidence
  - Existing evidence
  - Relevance of evidence
  - Barriers to adoption

# Components of the Framework

## Audience identification and partner engagement

- Engage stakeholders and partners
  - Identify target audiences and their needs
  - Assess the context
  - Determine incentives necessary for change

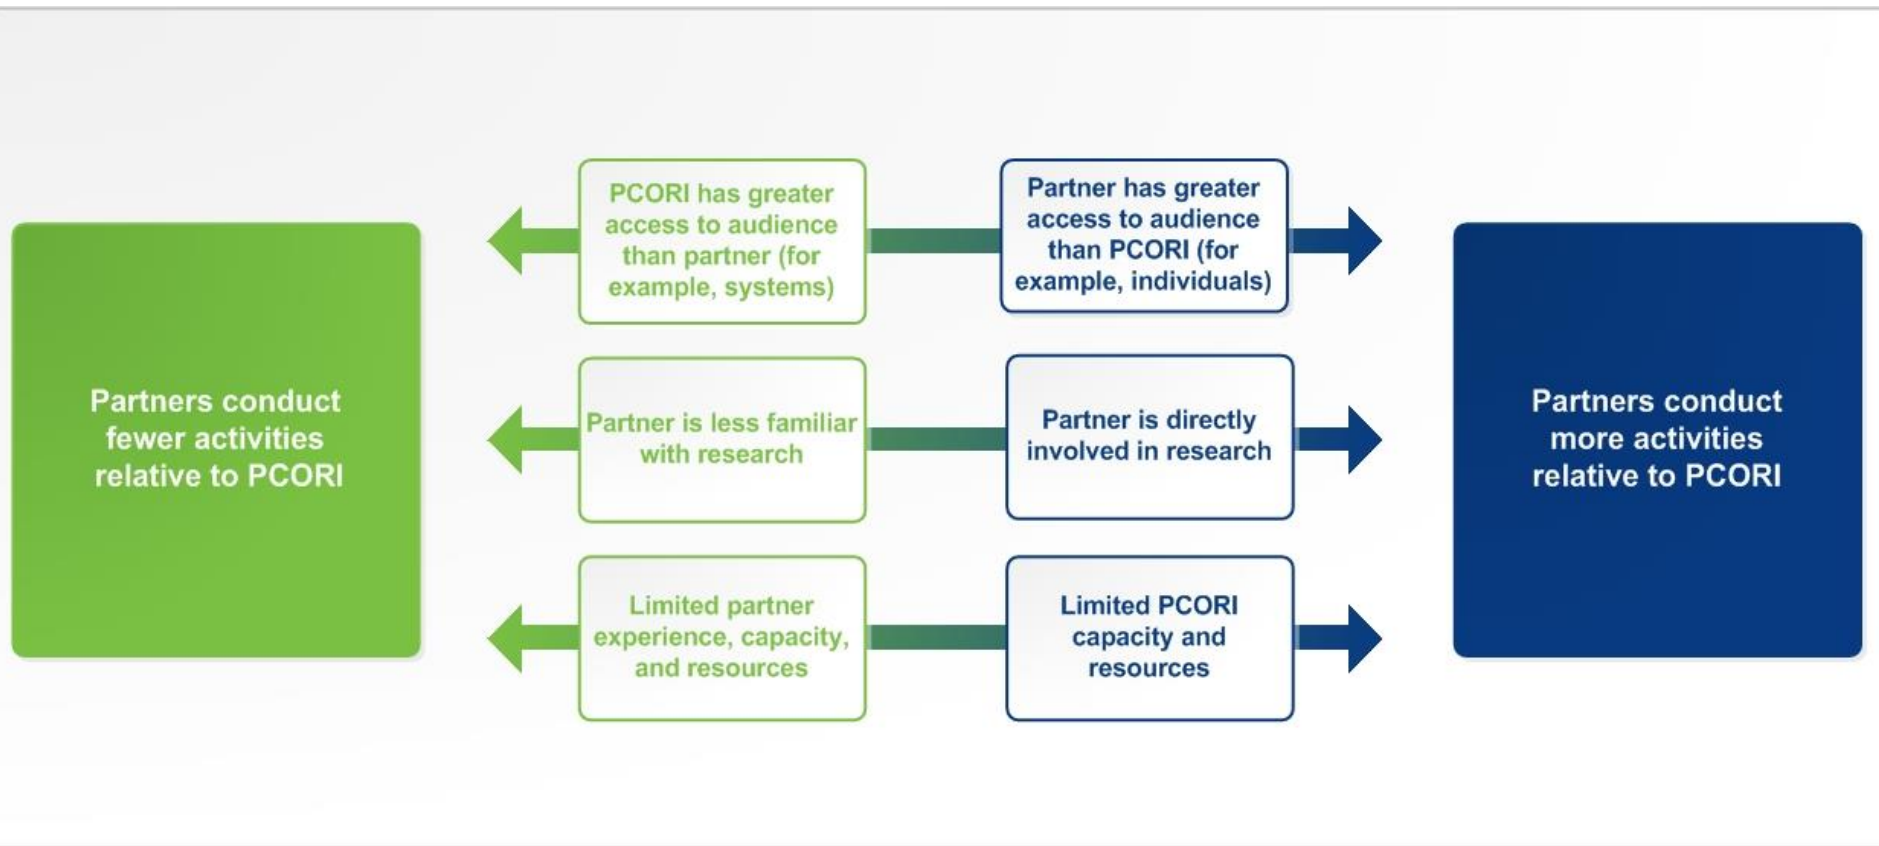

# Components of the Framework

## Audience identification and partner engagement

- Engage partners and establish PCORI and partner roles in D&I

# Components of the Framework

## Dissemination

### Collaborate with partners to

- **Define** goals for dissemination
- **Engage** stakeholders to learn more about target audiences
- **Tailor** evidence to audiences' needs, values, and contexts, including
  - Making the case for the use of evidence
  - Enhancing accessibility and usability of the evidence

Consider the **context** of the  
Target audiences  
CER and PCOR  
evidence

### Develop dissemination tactics

#### Messages

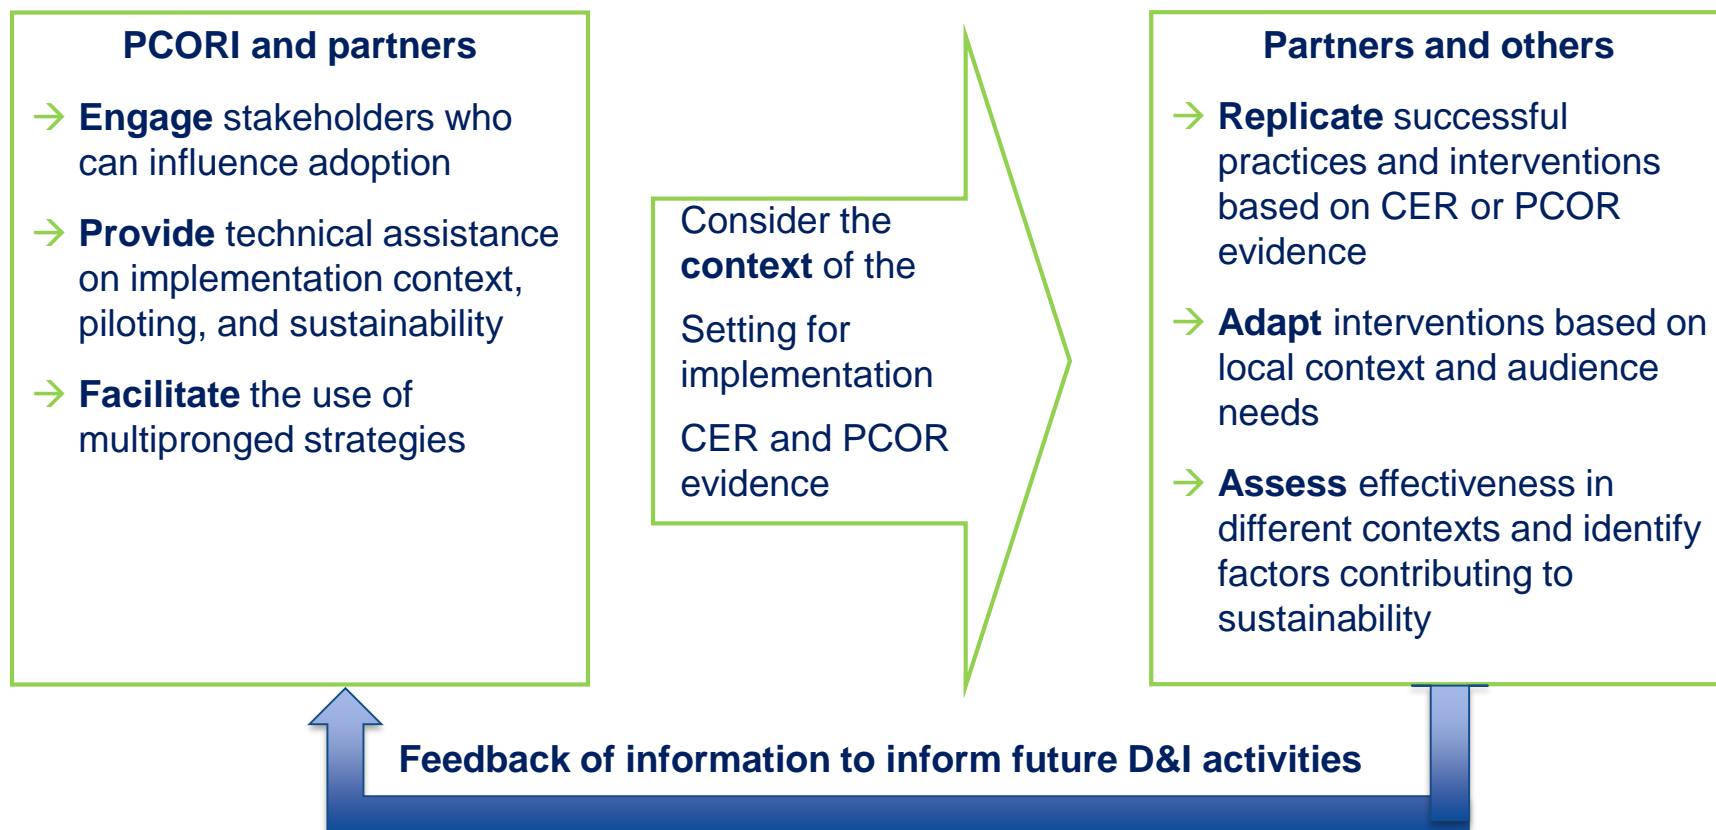

What do target audiences need and want to know about the evidence?

#### Modes of delivery

How will the message reach the target audiences?

# Components of the Framework

## Implementation

# Components of the Framework

---

## Evaluation

- Engage stakeholders throughout the evaluation
- Plan for the evaluation of D&I activities
- Collect information in different ways, using multiple data sources
- Identify valid and reliable metrics for process and outcome measures

# Components of the Toolkit

# Practical Exercise:

## Audience Identification & Partner Engagement

---

- In your table groups, use the research vignette as a basis to complete the “Audience Identification and Partner Engagement” worksheet in your book
  - Discuss any elements that were
    - helpful
    - unnecessary
    - missing
  - A staff member will be seated at each table to take notes; please select a spokesperson to share your group’s observations

# Practical Exercise: Report Out

---

- Red table
- Blue table
- Green table
- Yellow table
- Orange table
- Purple table

# Expert Panel Discussion

---

**Monika Safford,  
University of Alabama at Birmingham**

**Mark Skinner,  
Institute for Policy Advancement**

**Donna Thompson,  
Access Community Health Network**

# Break

---

Please return to the conference room and the webinar by **1:40 p.m.**

**Boxed lunches are available for in-person attendees.**

# Practical Exercise: Dissemination

---

- In your table groups, use the research vignette as a basis to complete the “Dissemination” worksheet in your book
  - Discuss any elements that were
    - helpful
    - unnecessary
    - missing
  - A staff member will be seated at each table to take notes; please select a spokesperson to share your group’s observations

# Practical Exercise: Report Out

---

- Red table
- Blue table
- Green table
- Yellow table
- Orange table
- Purple table

# Expert Panel Discussion

---

**Monika Safford,  
University of Alabama at Birmingham**

**Mark Skinner,  
Institute for Policy Advancement**

**Donna Thompson,  
Access Community Health Network**

# Plenary Discussion

---

**Dr. Enola Proctor**

**Washington University  
of St. Louis, MO**

**Dr. Gregory Aarons**

**University of  
California, San Diego**

# Facilitator Wrap-up

---

Themes of the day: What we heard

## Wrap-up (cont'd.)

---

Refer back to your “Working with PCORI” worksheet – the right column.

Based on our discussions today, and the direction PCORI is heading with D&I, briefly describe expectations for your next interaction with PCORI.

- How will it be different?
- How will the Framework and Toolkit improve the way PCORI partners with your organization/stakeholders?

1:00

# Next Steps

---

- The Framework and Toolkit are being developed by Mathematica and its partners on behalf of PCORI
- Stakeholder and public input, received from the online comment form as well as this workshop, will help inform the revision of these documents, as well as the final products that are delivered to PCORI
- Offer specific comments about the Framework and Toolkit via online form by December 19, 2014
- Watch for final documents in late February 2015
